EDUCATION

University of Central Florida

Orlando, FL

Bachelor of Science in Computer Engineering | GPA: 3.2

May 2027

Relevant Courses: Data Structures and Algorithms, Linear Circuits, Electronics, Computer Organization, Computer Architecture, Digital Systems, Discrete Structures

WORK EXPERIENCE

Server

Cape Canaveral, FL

Fishlips Waterfront Bar and Grill

Feb 2021 – Current

- Gained experience working as a team with my coworkers in order to provide the guests with a good experience.
- Gained time management skills through working in a fast paced environment.
- Provided reliable customer service while developing a strong work ethic.

PROJECTS

Syllab.AI – Group Project

Apr 2025

- Helped in developing Syllab.AI, which is a **MERN** stack based intelligent educational platform designed to help students organize and learn from their course syllabi.
- Users are able to upload PDF syllabi which are automatically processed by AI to generate chapter summaries, interactive quizzes, and study materials.
- Implemented mobile with **Flutter**, **Dart**, and **Xcode**.

ContactMe – Group Project

Feb 2025

- Helped in developing ContactMe, which is a **LAMP** stack based application for efficient contact management.
- Implemented front-end with **HTML**, **CSS**, and **JavaScript**.

Black Friday Brawlers – Group Project

Aug 2025 - Dec 2025

- Helped in developing Black Friday Brawlers, which is a 2.5D beat-em-up game that is set in a mall during the early 2000's Black Friday, where people physically fought over items at malls.
- Contributed on item design, item and special combat item spawning, special combat item design, and HUD design.

TECHNICAL SKILLS

Languages: C, C#, Java, Python, JavaScript, Verilog, MATLAB, Dart, HTML, CSS, Assembly (ARM, MIPS)

Frameworks & Libraries: NumPy, Pandas, Flutter, Pygame, ModernGL, OpenGL, Unity, Matplotlib

Computer Architecture: Pipelining, Caching, Memory Hierarchy

Hardware: Oscilloscope, Function Generator, DC Supply

Tools: Git, Figma, Visual Studio Code, Xcode, MySQL, Jupyter Notebook, LaTeX, Xilinx Vivado, LTspice, MARS MIPS
